

# Y's Biggest Frosh Class Girds for Traditional 'Cub' Week

Freshmen smile when they learn paddling and other forms of hazing as found on other campuses are not part of the traditional observance of Cougar Cub week on the Y campus. This week belongs to the Frosh and completes their initiation to college life.

Harold Christensen, president of the senior class and chairman of Cougar Cub week activities, has announced rules and regulations, which emphasize friendliness and helpfulness, and are designed to assist the freshman in learning the songs of the Y, and in meeting other members of the student body.

A first must for freshmen is their Cougar Cub costume, consisting of a blue and white turtleneck, a blue and white tie, a black nose resembling that of a Cougar, Cougar-sized whiskers, ears that any kitten would be proud to own, and a pair of school spirit socks (one blue and one white).

Fellows will want to roll their pants to show the color of their socks.

Other special privileges granted to frosh include a passport for introduction to upperclassmen, freedom from fear of the opposite sex (no dates), opportunity to carry books belonging to upperclassmen, and the honor of entering all buildings by the back or side door. Girl Cubs will never hide behind powder, lipstick, or rouge, and be men cubs will dis-

tain the use of a razor. Also shoe-shining gear will be necessary to appease slothful upperclassmen.

Frosh caps go on sale Thursday in the bookstore and will be worn beginning Monday morning. Every Cougar cub will want his name printed on the brim.

Tuesday the cubs will wear their costumes and attend the mad dance. Costumes will be worn again on Wednesday and male cubs will hike to the Y on the mountain to clean brush from the

shrine. The botanical pool (south of the Smith building at the bottom of the hill) may receive bathers selected from among the male cubs who prefer wading to hiking.

Thursday, cubs will wear only their caps and fellows may leave their shoe-shining gear at home, but should remember to attend senior court in the football stadium. Friday it's over with a pep rally for the Utah-BYU football game Saturday.

Planning and preparing for Brigham Young University's 1952 Homecoming celebration were temporarily slowed this week pending selection of a faculty committee, but a full slate of student workers are ready to go when the organization is made complete.

Gene Oveson, Tooele, general chairman, and the central committee met Monday afternoon to outline duties and responsibilities of various committees. Dr. Royden C. Draithwaite, student coordinator, attended the initial session and promised action in securing faculty organization within the week.

Opportunity for many students to participate in planning and directing Brigham Young University's most important event of the year were announced today by Gene Oveson, Homecoming chairman.

Applications for service on any of the Homecoming committees are available in the student coordinator's office.

Mr. Oveson said. Any student who desires to serve may apply, but freshmen students were particularly urged to "cut their teeth" on student activities with this event.

Applications will be accepted until Friday afternoon at 5 p.m.

## Republican Senator Dirksen Sounds First Gun at Forum

Throwing down a challenge for President Truman to answer the facts of history, Senator Everett Dirksen, yesterday, opened BYU's public forum with a rebuttal of the President's charge that the Republicans might lead the nation to war if elected.

Senator Dirksen pointed to history as the judge of the Democratic claim of being the "peace party."

Beginning with Woodrow Wilson and his pledge to keep the U. S. out of the first world war during the campaign of 1916, the Senator remembered a slogan from that election which put the Democrats for peace and the Republicans for war. Wilson's declaration of war, just 150 days after the election was proof otherwise, said the Senator.

Coming up to the second world war, Senator Dirksen cited the record of President Roosevelt and his speeches during the 1940 campaign promising that not one American boy would ever fight on foreign soil. He further detailed the loss of the peace with the Yalta and Potsdam agreements and the subsequent loss of China to Stalin, which have led to Korea.

The Senator finished his address by quoting a Korean GI, "we can't win, we can't lose, we can't quit," to illustrate the democratic progress toward peace.

## Truman Plans Provo Speech At Y Stadium

President Harry S. Truman will address Brigham Young University students at Monday's forum assembly at the stadium as a climax to his events in Provo.

After greeting Utah's city mayors, civic and church leaders and party committee members at the stadium, Mr. Truman will proceed in parade to the BYU stadium. The President's address will be part of a regular assembly with opening song and prayer and an introduction by University President Ernest L. Wilkinson.

Among the dignitaries on Mr. Truman's train from Salt Lake City will be Mayor Earl J. Glade, Representative Walter K. Granger and Reva Beck Bosone, Milton Wehmann, Mrs. Algie E. Bahltz, Provo, state vice chairman, Utah University officials and church officials.

Stands have been built at the stadium by the Buildings and Grounds department to accommodate 3000 more people than the fieldhouse normally holds. Some high school civic students may be present as well as other Utah County residents.

## Dance Is Final Hi Week Event

The Hello Dance, final event of Hello Week, is scheduled for Friday at 9 p.m. in the Joseph Smith ballroom and the social hall.

The affair is sport and students are encouraged to come stag. Drags may be brought, however. The dance will be preceded with a student assembly Friday morning. State songs and dances will brighten the program which takes place on the shipdeck of a Hi Liner.

Thursday, today, is the last day for Hello Week friendly reminders. Y's and Y Calendars still have plenty of tickets to issue. Remember, "the world says Hi to the Y."

## Honor Theme Of Devotional

Speaking before a capacity audience in the first devotional of the year, President Ernest L. Wilkinson Monday set honor as the fundamental principle of university conduct.

Students from 46 states and many foreign countries heard Dr. Wilkinson restate Karl G. Maeser's conception of personal honor and conduct expected of BYU students.

The Honor System at Brigham Young is wholly student administered and will be upheld by the administration and faculty, according to Dr. Wilkinson.

Violation of the code may result in failure in certain courses or expulsion from the university, he indicated.

Students were seated in the assembly according to their home states or country. More than 50 per cent of the student body are from outside the state of Utah, according to enrollment figures quoted. California and Idaho representations follow Utah in the number of students at the Y.

**GENE OVESON**  
... Still Getting Better.

chairman will be named this week according to Mr. Oveson. Aspirants for Homecoming queen, or their supporters may obtain petitions today in the Student Coordinator's office, according to Jack Clawson. To become a candidate for Homecoming queen a girl must have 100 signatures on a petition in the Coordinator's office by Tuesday at 5 p.m.

Any organization on campus may sponsor a girl for the queenship, but any BYU cubs are invited to run.

Homecoming festivities which are usually scheduled in early November will begin on Oct. 25 this year.

## Branch to Air Session

The general priesthood session of the Conference of the Church of Jesus Christ of Latter-day Saints will be broadcast in the fieldhouse Saturday night beginning at 7 p.m.

Long one of the most popular sessions of the Conference, the General Authorities have had previous sessions broadcast to the Assembly Hall and Barrett Hall. This will mark the first time the service has been broadcast outside of Salt Lake City, and has been augmented by a special service to the young bearers of the priesthood at the church school.

## Yearbook Lists Editorial Posts Open

Banyan appointments for class pictures may now be obtained between the hours of 9 a.m. and 4 p.m. daily at the photo studio, 222 Science building for those students who did not schedule them during registration.

In order to have your picture included in the 1953 yearbook, you must make your appointment now. Later will be too late.

Applications for editorial staff positions on the annual student publication may be secured in the Banyan office in the north end of the Press building daily between the hours of 3 and 5 p.m., according to Bob Carter, editor in chief. Position openings include art, class, photography, activity, athletic, and organization editors and co-workers. Everyone is invited to join the Banyan force today. Typists, copy writers, and proofreaders are urgently needed also.

Unique plans for a "Banner Banyan" have been launched with all-new ideas for layout, art, and photography. Special emphasis will be placed on color this year. All students with initiative and imagination are welcome to step into the Banyan office to fill out an application.

## Student Assembly Plans To Be Made Wednesday

All organizations interested in presenting an assembly this year are requested to have their president or a representative present at a meeting to be held Wednesday, Oct. 12 at 4:30 p.m. in the student council office, according to Olene Smith, vice president in charge of student assemblies.

A schedule of assemblies for the year will be made so it is important that your organization be represented now.

## Spanish-American Fellowships Made Available for Study

Latin American study fellowships covering tuition and maintenance have been made available under the Convention for the Promotion of Inter-American Cultural Relations, according to Dr. Harold W. Lee, foreign scholarships adviser.

Participants in the program include most Central and South American countries. Purpose of the scholarships, Dr. Lee said, is to promote better understanding between the United States and neighboring countries.

Selection of students for the fellowships will be made upon personal characteristics compatible with general objectives of the convention. Eligibility requirements include: 1. United States citizenship; 2. bachelor's degree or equivalent at time of acceptance of grant; 3. knowledge of the language of the country sufficient to carry on the proposed study; 4. suitable plan of study or research topic approved by applicant's adviser or supervising professor if he is enrolled in an educational institution, or by the Office of Education if he is not enrolled; 5. other considerations being equal, persons under 25 years and veterans will be given preference.

Under financial provisions of the program, the U. S. govern-

ment pays round-trip transportation; the host government pays tuition and a monthly maintenance allowance; a small sum may be allotted for books and incidental expenses; and grantees will probably have to supplement their maintenance allowance from other sources to meet cost-of-living expenses.

## Film Classics Begin With Green Light

"Green Light," a film classic starring Errol Flynn, Anita Louise, and Margaret Lindsay, will be shown tonight, Thursday at 7 p.m. in the Joseph Smith auditorium.

The movie is the first of a number of films to be shown this year by Audio-Visual Aids. They are chosen by the faculty for particular instructional value and are open to all students for 25 cents.

"Green Light" is based on the book "The Magnificent Obsession" by Lloyd Douglas, author of "The Reckless" and "The Big Fisherman." The book was a best seller in 1935 and was filmed by Warner Bros. in 1937.

## Journalism Meet Moves Date To November 8

Selection of a new date for the annual Intermountain Journalism Conference was announced today by Dr. Oliver Smith, head of the journalism department.

The 1952 conference will be held at BYU on Nov. 8, instead of the first weekend in December as in the past several years, Dr. Smith said. The change was requested by high school journalism directors in order that the instructional sessions could be more helpful to new staff members of student newspapers and yearbooks.

Plans announced for this year's conference include talks and demonstrations by prominent Utah editors, photographers and advertising men on the editorial and business aspects of publishing. Detailed information will be sent to all senior high schools and junior colleges in the intermountain area, Dr. Smith said.

More than 500 students and teachers from 45 high schools and junior colleges in Utah, Idaho, Wyoming and Nevada attended the 1951 journalism conference at BYU.

# THE MOST IMPORTANT YOUNG MAN

## IN AMERICA TODAY...

**Who is he?**

This chap represents thousands of young, red-blooded sons of great American families. He is ready to stand on his own, to carry his share of responsibility. He is preparing for a bright future and desires to train further toward his success. He wants peace, security, and a full life for his family and home. If need be, he is ready to defend his rights and his country. When called on to serve in defense of American liberties, he will be fully trained and equipped to fly and fight with the U. S. Air Force.

**This is what he will do—**

Today's college man will plan to stay in school and graduate if at all possible. If he is fated with early entrance into military service and possesses at least two years of college, he will enlist as an Aviation Cadet in the U. S. Air Force and choose of the world's best instruction and training, he will graduate into a real man-sized job and wear the wings of America's finest flying fraternity. Commissioned a Second Lieutenant in the U. S. Air Force, he will begin earning nearly \$3800 a year. His future will be unlimited!

**How he qualifies—**

He is between the ages of 19 and 26½ years, unmarried and in good physical condition, especially his eyes, ears, heart and teeth. After he has graduated from a recognized university or college, or has earned at least two years of college credits, he is eligible to enter the Aviation Cadet Training Program and will receive immediate processing for assignment to training. By sending for an Aviation Cadet application now, this Most Important Young Man in America Today will help bring about a peaceful tomorrow.

## Speaking the Speech . . .

Forensic Slate Opens at Y  
With Varied Speech Forms

The week of Oct. 20 will be Forensic week, with people entering from all campus clubs, social units, and organizations. Events will include extemp, oratory, improvisative reading, radio speaking and debate. Observation of performances of this meet will help determine the people to represent BYU in two meets, the annual Rocky Mountain Forensic meet for Friday and Saturday, Oct. 31 and Nov. 1, and the Junior College State meet Nov. 13.

These meets are to be held on BYU campus. Schools included in the RMTF are the Utah State Agricultural College, University of Utah, University of Wyoming, Montana State College, University of Denver, University of Colorado, and Colorado A&M. The Junior College State meet will be a one day meet including BYU, U of U, and USC freshmen, sophomores and first year debaters who are juniors and seniors.

According to Dr. J. LaVay Bateman, BYU forensics director, credit is granted at BYU for regular work in forensics. The first meeting is scheduled for Saturday at 4 p.m. in the speech center. All students who are interested in forensics are urged to attend.

The official debate and discussion questions from the national committee were announced today by Dr. Bateman.

The debate subject is, Resolved: That the Congress of the United States should enact a compulsory Fair Employment Practices Law. The discussion question is, How can we most effectively combat the threat of Communism. This question also will

be the subject for many of the legislative sessions, and extemporaneous speaking.

The annual Heber J. Grant Oratorical Contest preliminaries are set for Nov. 18. Finals will be in devotional either Monday, Nov. 24, or Wed., Nov. 26.

At least four teams will go to Denver Nov. 24-26 for the Western Speech Association Forensic meet. Last year about 45 schools participated in the WSAPM in Fresno, Calif.

KBVU Readies  
New Facilities  
For Broadcasting

A new studio, a new control room and another completely renovated control room will be at the disposition of the KBVU staff when the "Voice of the Y" starts its new season.

Setting as its goal service to Y students, the campus station will go on the air shortly with a varied program designed to aid as well as entertain its listeners. Broadcasting has been delayed due to the installation of new facilities.

The new studio, served by a control room complete with the latest in radio equipment, will be used to house all live shows originating at KBVU. Now in the last stages of completion, the studio will be ready for use in two to three weeks.

The new control room, located next to the also new studio office, will serve as a point of origin for news broadcasts, disc jockey shows and other one-man broadcasts. This control room is equipped with a new turntable cabinet, now being installed by Doran Hale, KDYL technician. Hale is on leave from the Salt Lake station and will remain here until all new installations have been completed.

According to Jim Ludlow, station director, KBVU will endeavor to serve as well as entertain during the coming year. Broadcasts will be directed especially toward students at the Y, and most programs will be student-produced and will feature student talent.

Alumni Sets BYU  
Reception Friday

An alumni reception sponsored by the BYU Alumni Association will be held tomorrow from 4-6 p.m. in the LaFayette Ballroom of the Hotel Utah in Salt Lake City, in connection with the semi-annual General Conference of the Church of Jesus Christ of Latter-day Saints.

At the first such reception held in April, more than 3000 alumni, parents, and students attended and even more are expected at tomorrow's gathering. There will be no receiving line, so it is anticipated that the crowd will be easier to accommodate.

Music during the afternoon will be furnished by the music department of BYU and by the McCune School of Music, now part of the BYU fine arts college.

Banners around the ballroom will designate each college from BYU and during the afternoon deans and faculty members representing each college will be on hand to welcome returning students.

Invitations to the reception have been sent to general authorities of the LDS church, as well as to bishops, stake presidents, prominent alumni. Parents of BYU students, alumni, and faculty members are extended an open invitation to the reception.

HELLO WEEK COMMITTEE ADDS FINAL TOUCH

Y Faculty Members  
Hold First  
Social Gathering

New and old faculty members of the BYU faculty held their first faculty meeting and social last night in the Smith auditorium.

A program featured faculty talent including preliminary organ music by Prof. J. J. Keeler, a piano solo by Mrs. Samuel Monson, wife of a new English faculty member, and a vocal solo by Mrs.

Samuel J. Skousen, wife of one of the new ROTC officers. Dr. Wayne B. Hales of the physics department extended the welcome to new faculty members, with the response given by Dr. Arthur Browne.

President Joseph F. Smith addressed the group on behalf of the board of trustees and President Ernest L. Wilkinson also spoke briefly.

Following the program a faculty mixer was held. Light refreshments were served and autumn leaves and flowers provided the decorations.

Y Grad Exams  
To Be Held  
November 7-8

Graduate record examinations, required of applicants for admission to the Graduate school at Brigham Young and many other universities, will be administered four times during the coming year. Educational Testing Service announced recently. During 1951-52 nearly 8000 students took the GRE in partial fulfillment of admission requirements of graduate schools which prescribed it.

This fall candidates may take the GRE on Friday and Saturday, Nov. 7 and 8. In 1954, the dates are Jan. 30 and 31, April 17 and 18, July 10 and 11. ETS advises each applicant to inquire of the graduate school his choice which of the examinations he should take and on which dates. Applicants for graduate school fellowships should ordinarily take the designated examinations in the fall administration.

Completed applications for tests must be received at least two weeks before date of the examinations. Forms may be received at the Graduate school office in the Science building.

The GRE tests offered in these nationwide programs include a test of general scholastic ability, tests of general achievement in six broad fields of undergraduate study, and advanced level tests of achievement in various subject matter fields. According to ETS, candidates are permitted several options among these tests.

Application forms and a Bulletin of Information which provides details of registration and administration as well as sample questions, may be obtained from college advisers or directly from Educational Testing Service, P.O. Box 5999, Los Feliz Station, Los Angeles 27, Calif.

## Rushing Regulations Set Up Affect Campus Organizations

Regulations for fall quarter rushing were announced today by Dr. Royden C. Braithwaite, student coordinator. All social organization will be expected to be familiar with these regulations which govern membership and rushing activities of BYU social units.

Responsibility for observance of these regulations rests equally with the units and the students wishing to join, so all prospective members, both male and female, should be familiar with rushing procedure.

Important points governing rushing activities are: 1. Social units must not send out special written invitations to prospective members before openhouse. 2. Openhouse dates, places and hours must be widely publicized in at least the *UNIVERSE*, over KBXU, and on the student organization bulletin board in the library so that all interested students may attend. 3. The openhouse may take the form of a lecture, a round-table discussion, a program or some form of cultural activity. It may take the form of an openhouse rush party, but in this case there must be no additional rush activities. 4. All students, unaffiliated with the organization holding the openhouse

and attending the function, are required to sign an openhouse register. If not able to attend, the student must make written application for an excuse. 5. First quarter freshmen are not eligible for membership in Lambda Delta Sigma or the social organizations Delta Phi and Delta Pi are not classed as social organizations, so all students able to meet the requirements are eligible to join one of these units. Transfer students are eligible to join any unit at any time. 6. On the day following the openhouse, held by the organization, the openhouse register must be filed in the office of the coordinator of student organizations. 7. Attendance at openhouse constitutes an invitation to attend successive rush parties given by that organization. Location of rush parties must be posted on the bulletin board in the library, and there must be a notification on the openhouse register of the date, time and place of the rush parties. 8. Within 48 hours after the last rush party or rush activity, each person who has attended all of the rushing functions of an organization and who wishes to become a member of that organization, must report to the office of the coordinator and fill out an application for membership. At the end of the 48 hour period, the sponsor of the organization or its president will call for the list of applications. With in the following 48 hours the organization will choose those eligible for membership, based on the qualifications of that organization. 9. Following final approval of applications for membership, the organization president will submit a list to the coordinator of those found eligible for membership. All applications are to be returned to the office of the coordinator for permanent filing. 10. An individual who is re-elected membership in a given organization may file a request for review of his application in the Coordinator's office.

HEAVY TRAFFIC—Students literally flowed up the steps from the fieldhouse following Monday's devotional.

## Dr. Gledhill Sets Play Tryouts For Moliere, Saroyan Works

Tryouts for "My Heart's In The Highlands" by Saroyan and "The Doctor In Spite of Himself" by Moliere are being held today and tomorrow from 3:30 p.m. and 8:00 p.m. in Room 2 of the Speech Center according to Dr. Preston Gledhill, director.

The double bill will be presented by the new Brigham Young University Theatre group in November.

Dr. Gledhill is particularly interested in finding a nature woman student who speaks a foreign language for the role of the grandmother in the Saroyan play. "This is an excellent opportunity for a foreign student with histrionic abilities to act in her own tongue, whatever it may be," he said.

The same play also has parts for three strong, male characters. Dr. Gledhill said, in addition to other parts.

Moliere's farce will be played

in broad commedia dell'Arte style. Dr. Gledhill said, and "is a rigorous exercise in pure acting such as one will find in no modern play."

## On the Sideline— —with Jack Nelson

Up Washington way last week a young fullback helped Stanford defeat a strong Washington State team and keep his team a strong contender for the Rose Bowl. Although Saturday was not one of this fullback's better days, he has played some sensational ball for Stanford and no doubt will continue to do so.

When he turned out for the Stanford football squad last year, there was a great deal of speculation that he wouldn't make the grade. After all, Bob Mathias was a great track man, but he had little or no football experience. And experience, as in all sports, counts in football.

### Mathias is Natural Athlete

But they were wrong. Mathias fell into the game of football like the natural athlete he is. His perfectly developed body and coordination make him one of the few men—like Jim Thorpe—who can excel in any sport they choose.

Perhaps you were lucky enough to see him make that 95-yard touchdown run against USC last fall. He had his 203 pounds chugging down the sideline with the speed of a sprinter after only a few strides and was as unstoppable as a Sherman tank in high gear.

### Twice Olympic Decathlon Winner

It is hard to believe that this Mathias, now just 21 and in his second great year of football competition, was twice winner of the decathlon in the Modern Olympic Games.

Mathias was just 17 four years ago when he astounded the world by winning the decathlon in the 1948 Olympic games. He outran, out-jumped, and out-threw all competition by a wide margin. Yet at that time he was still a strong, somewhat awkward and ungainly kid who found himself out-doing grown men.

The decathlon consists of ten track and field events—ranging from throwing the javelin to the 100-meter dash. Consider the fact that Mathias, standing 6 feet 2 inches and carrying 203 pounds, ran the 400 meters recently in 1:08; put the shot a couple of inches shy of 50 feet; broad jumped better than 25 feet; high jumped 6 feet 2 1/2 inches; and ran the 400 meters in 50.8 seconds.

### Specializes in Everything!

Track and field is the sport of specialists. Men practice years to become expert in one event. Yet Mathias, besides being expert in many events and dominating his field, plays a great game of football. Needless to say, if he concentrated on one event he would be invincible.

But even though he is a natural athlete, Mathias learned early what most athletes never learn—that a good athlete must put out and work, work, work to become a great athlete. The hours Mathias has spent working at each event are incalculable. During the school year at Stanford he is seen constantly working out indoors or outdoors, depending on the weather.

He wasn't full grown at the 1948 Olympics, nor, believe it or not, fully developed when he won the decathlon in the 1952 Olympics. He will be in his prime for the 1956 Olympic games in Australia, but it is doubtful if he will still be an amateur by that time. The professional football teams have their eyes on him. Even if his ability were not what it is, his Olympic fame would make him a great drawing card.

\*\*\*\*\*

Speaking of the Olympics, you probably remember a smooth-running young hurdler named Craig Dixon who appeared here from Los Angeles to run an exhibition in the BYU Invitational track meet last year.

One of the top hurdlers in the nation, Dixon was favored for an Olympic berth. It was almost a sure thing he would be one of the top three in the hurdles and so win a trip to Finland. He married the day before his race and planned to make Helsinki a honeymoon trip.

He was barely an arm's length behind the great Harrison Dillard in the 110-meter hurdles. Straining with all his strength to catch Dillard, he tripped and fell on the next-to-the-last hurdle. He lay without moving with his face in the cinders of the track, then crawled slowly up to the hurdle that was a single wooden barrier between him and Helsinki. Umbrifol of the thousands who looked on, Dixon pulled himself halfway up on the hurdle and then slumped over it, his head cradled in his arms. For a full minute he did not move, only his head shakin by his sobe.

Helsinki was a million miles away.

## 'Mural Sports To Expand This Season

"The Intramural sports program has been expanded to meet the needs of this year's greater enrollment," says Dave Geddes, director of intramural athletics.

All team managers are asked to meet tomorrow at 4:10 p.m. in room 223 of the fieldhouse for the purpose of discussing the procedures and policies of the program.

Team entries for the forthcoming touch football season are due in the intramural office, room 217 of the fieldhouse, by October 10. League play officially begins October 13.

Tennis entries for the fall tennis tournament are also due on Oct. 10 with the tournament scheduled to begin on Oct. 13.

Entries for the open golf tournament will be due on Oct. 13 with the opening rounds slated for Oct. 15.

Those who are interested are invited to come in and see the trophies and awards to be given to the outstanding organizations and individuals.

### Sucky Fingers . . .

Dewey Brundage, Cougar mainstay at the end post, is one of the reasons for the Cougars' two victories this season. It was largely pass catching of Brundage and the passing of LaVon Satorfield that netted the Cats a 14-7 win from the San Diego Naval Air Station on September 19. Brundage is a Junior at BYU and hails from El Monte, California.

### Scrimmage Injury Benches Bills

Bob Bills, veteran halfback who was scheduled to spark BYU's running attack this season, received a shoulder injury in scrimmage Wednesday that will keep him out of play the rest of the season.

# Cat Gridders Head North To Face M.U.

by the Sports Staff

With the typical pessimism of a football coach and a squad of thirty-five beefy, rough, and perhaps a little heady footballers, head coach Chick Atkinson will board the train this afternoon and head north to face Montana University in a cross-country homecoming game. Atkinson worries no bones about being worked in facing the grizzlies this Saturday.

## Montana Tough

And from all reports, his pessimism isn't entirely unfounded. Wyoming failed to win the conference this week, had a hard time eking out a 14-0 win over the Grizzlies last week. In fact, Montana gained 10 more yards on the ground than did Wyoming.

Perhaps more important, Montana will be going all out to give its homecoming crowd a good show.

Coach Atkinson has been working the last few nights to rid the Cougar football squad of the kinks that caused them to play so poorly in the game against the New Mexico Lobos and instill in them the spirit to play the way they did in the few minutes they best New Mexico.

## Halfback Shines

During the New Mexico game last week, when the Cougar line-men seemed content to have their jerseys cluttered up with Lobo deck marks, a BYU halfback came to the fore who could really kick.

It was little Bob Whitaker, a senior punter, who not only kicked as if he were going some place and fast, Whitaker runs in the same leg-churning, shifty, yet powerful manner that the Lobo's Bobby Arnett displayed in his long runs last night. Arnett was not to be stopped.

Other Cougars who showed some of it takes were the line-chips are down were Bob Bills at halfback, Reed Stolorowich at fullback, Bob Hamblin at halfback, and Dewey Brundage at fullback. Don Woods, who has been out of action with an injury, has been showing well in practice as a shifty, hard-running back. He is also a sturdy line-backer and will undoubtedly see action in the Grizzly game.

## Offense Slow

So far, the BYU defense is way ahead of the offense. Chick Atkinson explains that last Saturday night his team had the ball only about 35 per cent of the time. You just don't win football games by letting the other team run with the ball.

"Montana is good," Chick Atkinson said, "and has about the same stuff as we do, but they are perhaps a little stronger."

Timing has been stressed by the coaches in practice this week. The Cougars were greatly hampered in the New Mexico game by constant off-side and backfield motion penalties. Line blocking was also stressed this week to plug the holes the Lobo found so easy to creep through, the most part of that game.

## VIKINGS

An after game dancing party was held last Saturday night in the Joseph Smith Banquet hall. Vikes and their dates along with many friends and past members were there to enjoy the lively atmosphere.

At an officers' meeting last Friday at the home of our President, Pat Pomeroy, plans were laid down for another great year for the Vikes. This Thursday was the date set for the first unit meeting of the year. All Vikes are urged to attend, plans for rushing will be discussed.

SENIORS PACE SQUAD—Eighteen seniors returned this year to don the pads of the Cougar football squad. Front row (L to R) are Mel Nielsen, Lewis Kochevar, Bob Hamblin, Gary Paxman, Keith Matthews, Uddell

Westover, Second row, Harold Cunningham, Harry Bray, Walt Smith, Elmo Rood, Jae Ballif, Bob Whitaker. Top row: Karol Bills, Dave Lindstrom, Lowell Madsen, Larry Hancock, Darrell Doney, Dave Chadwick.

## Loaded With Talent . . .

# Frosh Squad Shines With Stars

Fresh football prospects at the Y continued to brighten Monday as coach Dave Crowton's green clad crew prepared for their first full week of intensive drill. The already talented squad continued to grow over the week and the Kitten mentor will have over eighty men from which to choose this year's freshman team.

Although pleased by the large turnout, Crowton was not ready to venture any predictions on the quality of the squad. He was willing to say, however, that the outlook was definitely "better than average." The number of "name" high school stars enrolled at Cougarville this year seems to bring him out.

Leading the list are two speed merchants from last years Utah allstate squad, Phil Oyler, Spanish Fork; Alton Wade, Fillmore; and Reed Stolorowich, Portland, Oregon; Lewis Beardsall, Springfield; Clark Whitehead, Twin Falls; Lorrin Blocker, Olympia, Washington; Johnny Velasco, Honolulu; Billy Meadows, Augusta, Georgia; Willard Stolorowich, Orem; Billy Ostler, Spanish Fork; Alton Wade, Fillmore; Bert Spendlove, Hurricane; Dave Lewis, Provo; Tommy Verbanatz, Orem; Neil Waters, Laramie, Wyoming; Billy Bird, Springfield; Sidney Wyatts, Ogden; Clair McRee, Fillmore; Lonny Badger, Fillmore; Ned Callahan, Yuba,

and Velasco, who is a fine punter, was rated one of the finest ball players in the Islands last year. Two "middle" brothers, whose "big" brothers have already gained gridiron fame at the "Y," will also be important factors in Crowton's plans for the year. They are Howard Hamblin, the allstate brother of former Oregon All-Stater Bobby Hamblin, and Willard Stolorowich, brother of Reed Stolorowich, Cougar full back. The younger half of the Stolorowich team was also an all-star from Lincoln high in Orem.

Players registered for the frosh squad are: Howard Hamblin, Portland, Oregon; Lewis Beardsall, Springfield; Clark Whitehead, Twin Falls; Lorrin Blocker, Olympia, Washington; Johnny Velasco, Honolulu; Billy Meadows, Augusta, Georgia; Willard Stolorowich, Orem; Billy Ostler, Spanish Fork; Alton Wade, Fillmore; Bert Spendlove, Hurricane; Dave Lewis, Provo; Tommy Verbanatz, Orem; Neil Waters, Laramie, Wyoming; Billy Bird, Springfield; Sidney Wyatts, Ogden; Clair McRee, Fillmore; Lonny Badger, Fillmore; Ned Callahan, Yuba,

California; Phil Oyler, Brigham City; Dick Juber, Orem; Ralph Powers, Lehi; Roger Childs, Provo; Don Peay, Provo; Ted Starkey, Orem; Wayne Nelson, Spanish Fork.

Dick Martel, Burley, Idaho; Jack Salomon, Ingwood; Al Ludlow, Phoenix; Roger Lewis, Riverside, California; Don Frazier, Hurricane; Richard Smith, Yuba, California; Duane Hatch, Seattle, Washington; Jim Porter, Delta; Boyd Burridge, Levan.

Claude Van Vleet, Los Angeles; Alvo Ricks, Cheyenne, Montana; Alan Miner, Grantsville; Kenneth Partingill, Elba, Idaho; Leo Darlington, Elba, Idaho; Kay Leirum, Vernal; Don Glander, Boise; Bert Simmons, Los Angeles; Norman Van Workman, San Jose; Paul Anderson, Fillmore; Elmer Preston, Salt Lake City; Don Peel, Northridge, California; Wendell Skowron, American Fork; Jerry Smith, Veneta, California; Gary Hulshuf, Los Angeles; Charles Greenell, San Luis Obispo; Richard Terry, Los Angeles; Charles Doone, Rupert, Idaho; and Lars Nelson, Mesa, Arizona.
